

Paneuropean Obstetric emergencies management Simulation Enhanced training

POEM SET SUMMER SCHOOL MEETING

11-12-13 September 2023

Main objectives of POEM SET project

To train healthcare educators on how to develop simulation-enhanced training for undergraduate students focusing on non-technical skills through the implementation of a summer camp [WP1]
 To build universities' digital capacity through the implementation of training and design of a serious game [WP2]
 To collect hard data on the added value of the serious game prior to on-site simulation (=blended learning) to improve non-technical skills [WP3]
 To strengthen multiple disciplinary and intercultural training at the undergraduate level through the implementation of a European COIL program and a summer school [WP4]

Goals of summer SCHOOL 2023

Life-size laboratory for scenarios, serious games and COIL

The summer schools will gather 20 students maximum to foster exchanges and ensure interactivity: 5 participants per partner which have healthcare curriculums (UP, ULB, UNAV).
 UP : 3 MW 2 MED, ULB : 2 MW, 1 NRS 2 MED, UNAV : 5 NRS

Summer SCHOOL program

Day 1 (9:00-17:00)

Welcome and simulation center visit
 Crisis resources management discovering game and activity
 ISBARR, tools and conceptual framework activities
 Scenario 1 : Miscarriage management and abdominal pain

Day 2 (9:00-17:00)

Scenario 2 : Smoking and pregnancy
 Scenario 3 : Inappropriate Birth
 COIL and simulation Evaluation
 Test draft serious game

Day 3 (9:00-17:00)

POEM SET TEAM
 Analysis evaluation and readjustment of COIL and simulation
 Analysis evaluation and readjustment of Serious games
 Free time for students participating activities TBA

Practice information

Duration : 2 days for trainees
 3 days for teachers

Trainees will be undergraduate students from 3 different curriculums: medicine, nursing and midwifery.

They will need to have validated the Obstetrics and gynecology course and will be selected on a voluntary basis, based on their motivation and their English-level.

Teachers will be simulation trainers from the organizing institution and teachers from the participating organisation (Max 2 OB-GYN teachers from each partner institution)

Youth Hostel possibilities in Bruxelles for students

For COIL : 40 students/institution
 Total max 120 students

Next activities

Steering committee and Summer School Paris 2024
 TBA

Access to the Erasmus ULB university campus and Simlabs; route de Lennik 808, Building GE, 6th floor

From Brussels city center

1) From **Midi Station/Gare du midi**/Zuid Station

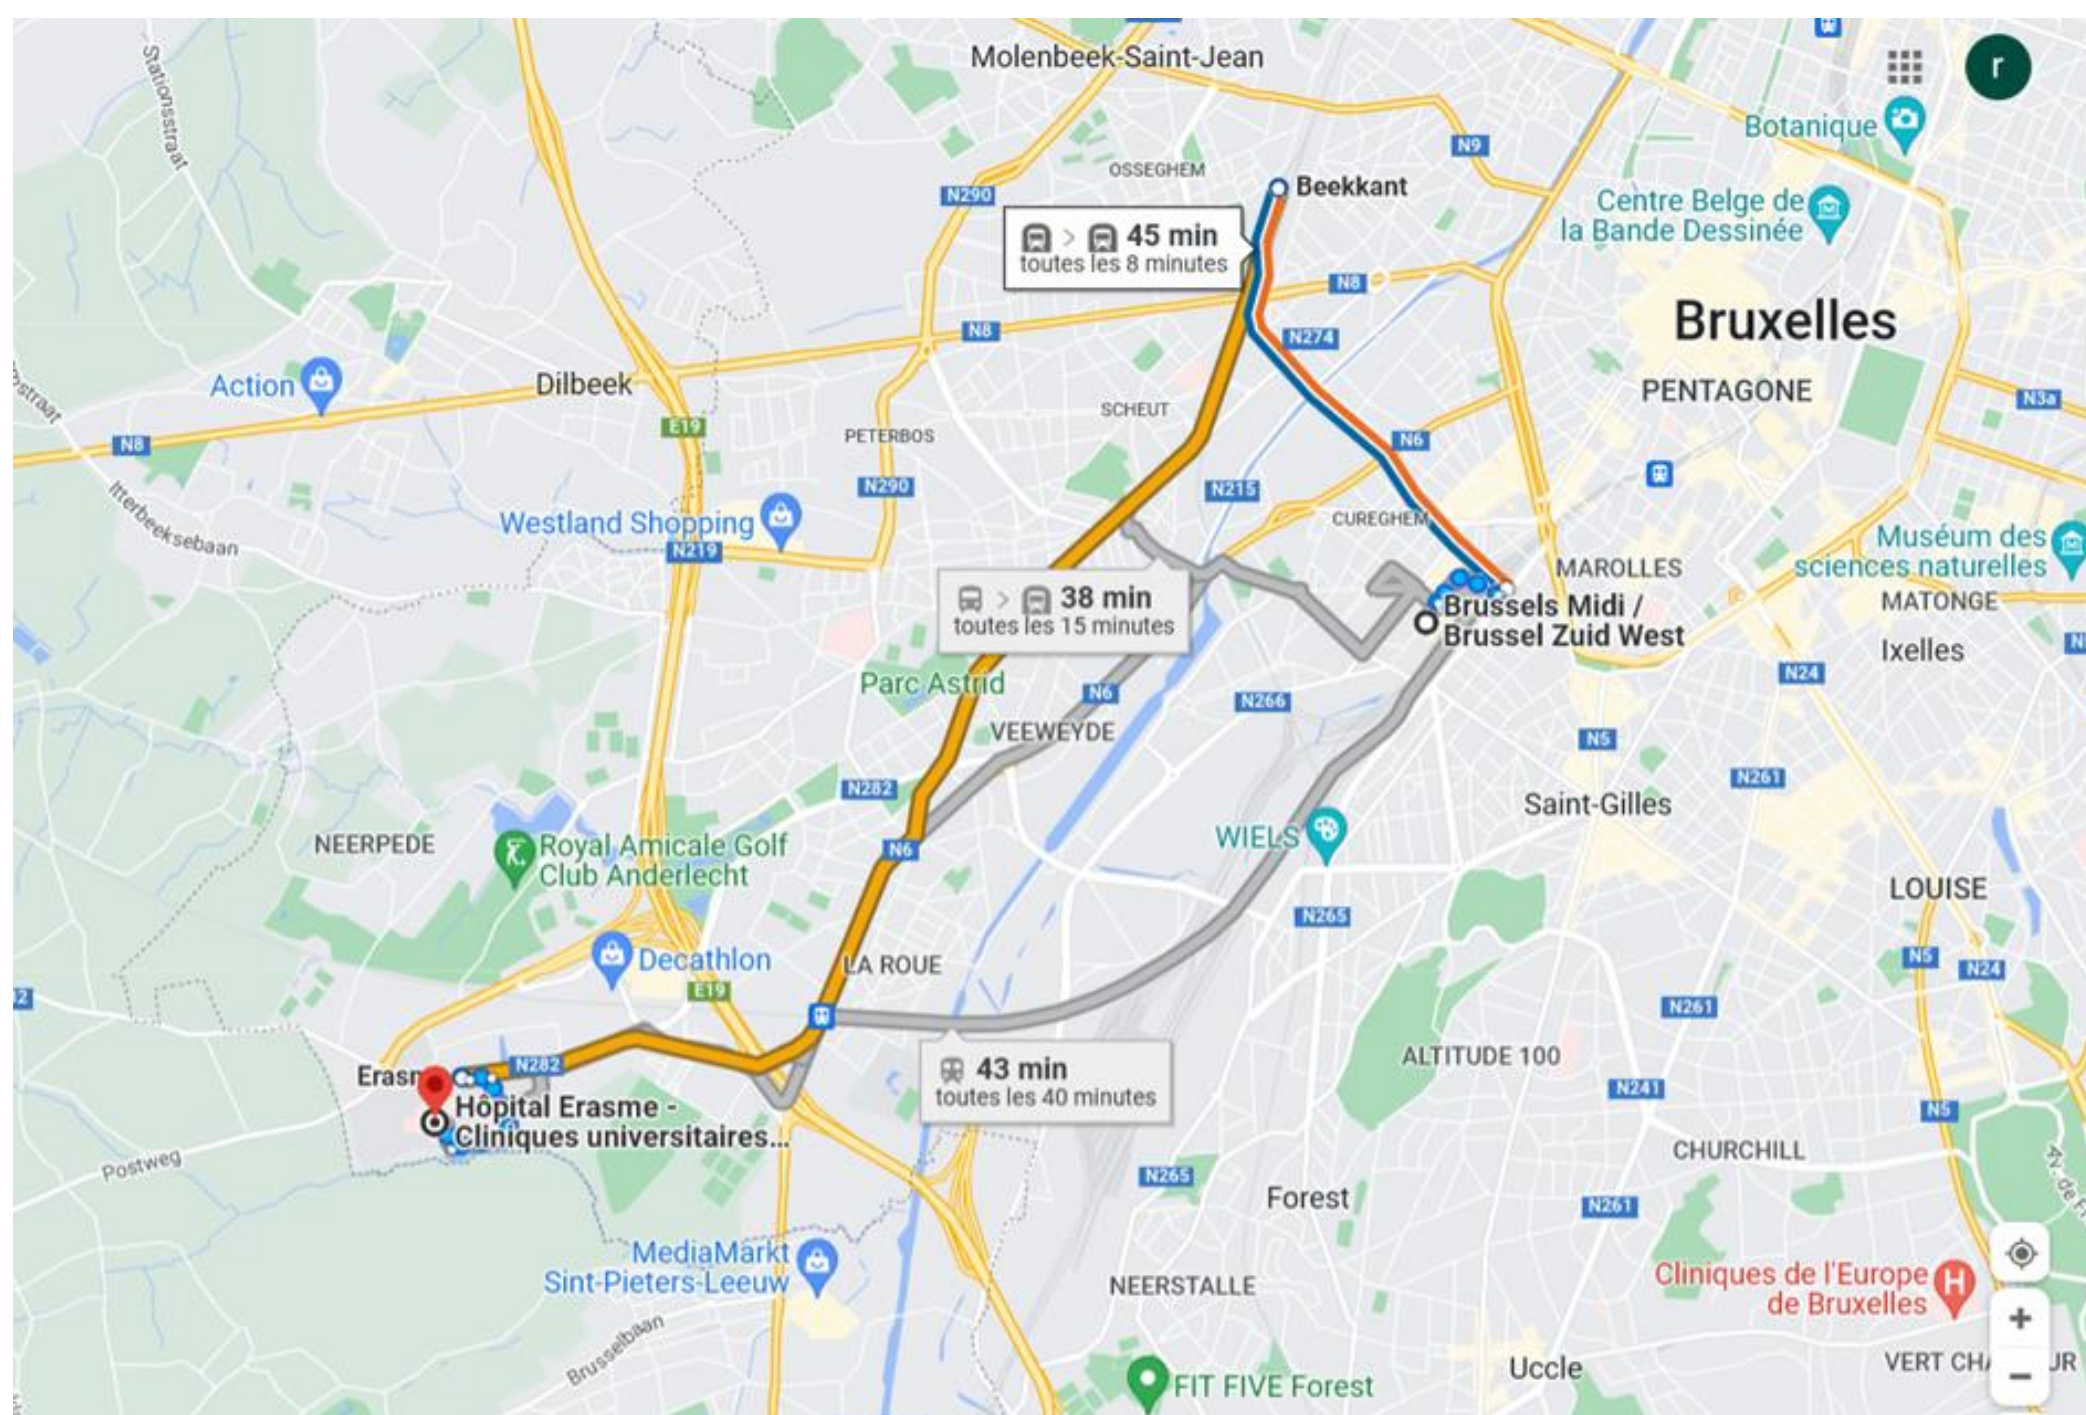

- Take Metro 2 or 6 (direction : Roi Baudouin/koning Boudewijn)
- **Change** at **Beekkant**
- Take metro 5 towards Erasme/Erasmus

2) From **Central Station/Gare centrale**/centraal station

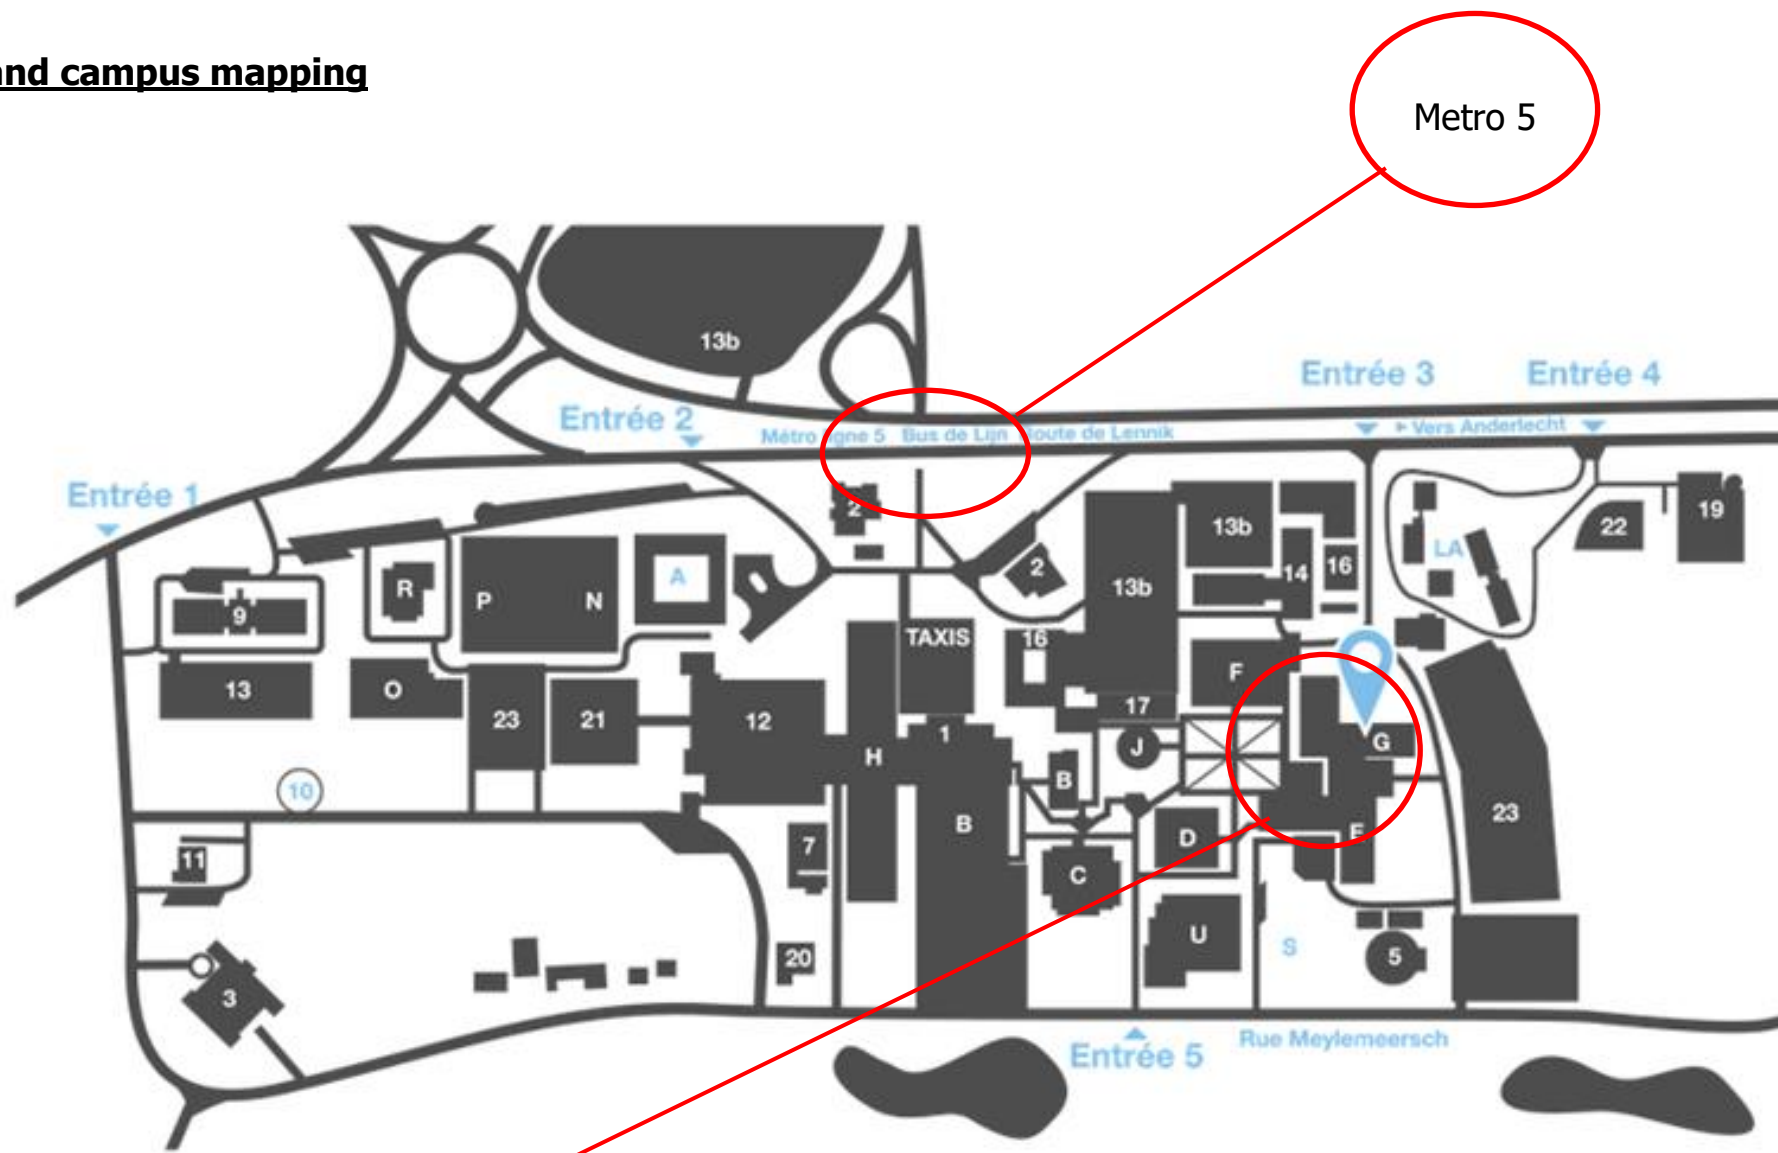

- Take metro 5 towards Erasme/Erasmus
